

Women's Bible Fellowship

Training Faithful Women is a great study concerning issues that only women face in this present world and how to apply the Bible to them. It is one thing to hear the Bible preached about issues concerning women, but it is quite another to have women teach women how to take the Bible and apply it to their lives in a practical manner. How does God expect me to support my family? How do I keep myself right with God amidst all of the pressures of being a mom? These questions and much more are taught and discussed.

The women of GBC are meeting at our office classroom every Monday morning at 10AM. Visitors are welcome. Unfortunately, there is no nursery facility for this adult study. Infants of course are welcome.

--Rev. Ron Coale, Pastor
