Timeless Truths

~~~~~

*Acts 6:13 And set up false witnesses, which said, This man ceaseth not to speak blasphemous words against this holy place, and the law: 14For we have heard him say, that this Jesus of Nazareth shall destroy this place, and shall change the customs which Moses delivered us.*

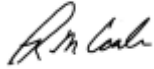

People take fault with the messenger more than they do the message. Here in this passage, the Jews that disagreed with Stephen, were using blaming Stephen for the message. They were listening to him, but not the message that Stephen was delivering from God. We have this same problem today.

Children grow up with an anti-Christian bias because their teachers and educational environment teach it. They are indoctrinated to be against God. When they get older, they argue against the Bible or going to church all in the name of: "we have heard him say" and not because they have read the Bible for themselves. Their opinions are formed from the biased opinions of other men. Like the Jews who wanted to kill Stephen because they heard him say something, they too do the same.

We should be listening to the message and not the messenger. The Jews should have been listening to what God was saying through Stephen. People today should be listening to what God is telling them through the church. Don't listen to

him, listen to God!

Because He Is,
