There is no blue

Adrift amid the world blue,
 with loving arms stretched out to you
 Would not you take the warm embrace,
 instead of judging in your haste?
 Let love alone be your standard,
 turn swiftly from your worldly candor.
 A better way waits for you,
 and in your heart there is no blue.

Hating of our Brothers

By Rev. Ron Coale, Pastor

Leviticus 19:17-18..... 17Thou shalt not hate thy brother in thine heart: thou shalt in any wise rebuke thy neighbour, and not suffer sin upon him. 18Thou shalt not avenge, nor bear any grudge against the children of thy people, but thou shalt love thy neighbour as thyself: I am the LORD.

Police Chief, Gregory Mullen said, "I do believe this was a hate crime," when Nine people died in a shooting at a historic black church in Charleston, S.C. recently. Church members were shot during a bible study when a gunman, a white male, suddenly opened fire on the parishioners. Nine people died. The gunman was later caught in North Carolina, some 250 miles away.

There is a real hate in the world today toward races. But, the underlying message that is not so publicly seen is the hate towards God's people. When someone enters God's house where people are peacefully praying, and violently murders unarmed people, it is the biggest act of cowardice imaginable.

We live in a relatively peaceful part of the nation being in the Northwest. In many ways we are sheltered from the hatred that runs swiftly through the bloodstream of some Americans. It is more apparent as America has

become more polarized since 2008. Since then, many Americans don't know where they belong and they are being swept into groups of belonging. Not unlike the way street gangs provide a sense of belonging for young men growing up in our inner cities, dislodged Americans are lining up with those who identify Bible Believing Christians as the obstacle to Human progressivism; and they are.

This is not a surprise to those who read their Bibles. During the time of the first church, our brothers and sisters have been persecuted, rounded up and violently murdered; many times during peaceful prayer meetings. The only crime of these God fearing people is loving others. In the world's view, this makes them easy pickin's. There is nothing easier than to shoot an unarmed person who is praying for your peace. Therefore, crimes like this can only be hate related.

I am sure that the spin will be that a white man killed black people. There will be no "civil rights" group standing up for Bible believers. Why? Because they don't think that Bible believers have any "civil rights", and this is not anything different than history has proven the world feels about Bible

Dear Pastor and Friends,

May 27, 2015

Warm greetings to all. We thank the Lord for restoring my physical health. From the time of my knee surgery last September 2014, I began to feel weak. It was further aggravated by my rising blood pressure. By the grace of God, I resumed preaching and doing the works of ministry last April 5, 2015. I am still taking maintenance medication. Please continue to pray for my health.

Praise the Lord for His provisions for the needs in David village. We have constructed Sunday School room. It could also be used as parsonage for the pastor who would takeover the church. A rest room and water pump was also constructed. We were also able to put electrical installation at the church in Laoang village. We thank God for the generosity of our brethren who gave money for the project. Please pray that God would also provide for a Sunday School room in Laoang.

We held church dedication service last May 23, 2015 for the church building in David. Preacher Fain Morison from North Carolina raised the money for the church building. He did the honor of dedicating the church to the Lord. Members attended church dedication.

Dedication of the church building in David

We conducted Daily Vacation Bible School in Sto. Domingo, David, Laoang, and San Juan De Mata villages from April 30, 2015 to May 6, 2015. We taught 287 kids ages 3-15. Parents of these children are very happy sending their children to the church. Some of them are now attending church.

Young people in Santo Domingo and David have attended the Youth Summer Camp at Dingalan, Aurora. They were very blessed and are on fire spiritually. They are sharing the Word of God to the other young people. They love serving the Lord by cleaning the church, teaching children, attending choir practice, and inviting friends to come.

By the grace of God our church scholars, Roselle and Jervelyn are now third year in college this coming school year 2015. They are being used by God in teaching children about Word of God and encourages young people

Men in Santo Domingo are growing. They are excited to learn how to share the Word of God. I am planning to resume the training of men. It was stopped because of my health condition in the past. Members in David village are growing spiritually. They are also growing in numbers. Please continue to pray for them.

Please pray for my wife Jean. She has a fracture on her left arm because of a bicycle incident. She fell down from the bicycle when a child suddenly cross the road. I took her to the hospital and the x-ray reveal fracture on her bone near the shoulder. There was no surgery needed. They have placed sling and swathe on her arm. Please pray for her fast recovery.

Thank you for support and prayers. We appreciate it.

In Christ,

Hello Folks,

There are about 2 weeks of classes left before the final exams. The last few weeks of the semester are always especially busy. The student that has been doing special studies with me this semester is graduating, but is hoping to get a job in Kunming. He asked if he gets a job in Kunming if he could continue to study with me and I said yes. We'll see what happens. The other students that I meet with are going back to their hometowns to work. Please remember them as they try to talk to their families.

Susan's aunt died this month. She has lost several family members this year. Please keep her in your thoughts.

Betty and Micah's baby girl is home from the hospital and has recovered from jaundice and pneumonia. Also the doctors did not have to do the spinal tap they thought they were going to need to do. Thank you for your thoughts.

Carolyn is still taking eye drops for her episcleritis. The doctor told her she needs to rest more because the eye is not healing as quickly as it should. Her other doctor has started her on medicine for fibromyalgia. She has several markers for fibromyalgia including burning sensations. Unfortunately, the only way to know for sure that you have fibromyalgia is to rule out a whole bunch of other things, but the doctor said the fibromyalgia medicine is a whole lot safer than the amount of Aleve she's been taking for the pain.

The x-rays show no sign of bone damage right now and all the blood tests came back negative. However, the symmetrical joint pain (both sides of the body) is almost always RA and even though the blood tests are negative now, they may become positive in the future. She'll need to have new x-rays and blood tests every 6 months for at least the next 2 years. The doctor here said she will need to see a specialist in the US for a diagnosis, but for now she can try the fibromyalgia medicine and having several sets of x-rays and blood tests over time will help a specialist to be better able to make a diagnosis as well. So, right now we just have to wait and see how things progress. Hopefully, the fibromyalgia medicine will reduce some of the pain and help her sleep. At least it's something to try until the next set of tests. There's not much they can do for the pain right now except try to cut it back a level or two.

believers.

Christianity began with the violent, and hateful murder of our founder. Since that time, the world (fueled by the workings of Satan) has not changed its point of view. And, there is more to come.

Same sex marriage people, Atheists and all progressives view Christians as their major obstacle; if they could just get rid of all of the Christians, there would be no morality left to tell us--NO! They could do anything they wanted without conscience. God will give them what they want some day soon. Any Bible reader knows that I am referring to the rapture of the church.

I have often wondered what the atheists will do when all of the Christians are gone? Once all of the Christians are raptured out of the world, there will be nothing more to protest. Will they really find peace? Or, will they just be lost sheep, wandering around in their victory wondering what they will "fight" next? Either way, we will be gone, but until then, there are still going to be people who hate us so much that they will gun us down even while we are worshipping our God. There will be more

persecution driven on by their hate for us. Yes, it exists! The world hates Christians. Right now, the Devil has people developing hatred for God's people, but he is making them think it is in another direction: race, sex, religion, marriage, family, nationality, politics, are all examples where hatred is misguided under the auspice of hating God and His people.

It is ironic that those who stand for loving their neighbors are often accused of hate. They do this because they think that if they do anything that we would not do, then we hate them. So, they hate us for hating them and all the time, we never hated them in the first place. Do you see how artfully the Devil can twist people's logic. If you have no standard to anchor you, then you are susceptible to every lie of the Devil.

It is tragic that people died. It is terrible that a white man violently murdered black people. More than that, God's loving people are thought to be purged from this world, but they have been ushered into the loving arms of the Creator at their future home. In this home, hate does not exist. It could exist here if they would only love those who are trying to love.~
