## *How Satan Disguises His Lies*

By Dr. Al Hughes, Pastor, Bible Baptist Church, Port Orchard, WA.

Dr. Al Hughes

Why hath Satan hath Satan filled thine heart to lie to the Holy Ghost? (Acts 5:3)

Nothing is more important in your thought life than TRUTH. Truth is liberating (John 8:32)! Untruth leads to bondage. The reason so many people are in bondage to fear... anger... depression... bitterness... etc is they are believing Satan's lies instead of believing what God says is true.

The battleground is your mind and thought life (2 Cor. 10:3-5). It starts when you entertain wrong thoughts. These false thoughts are Satan's lies that lead to spiritual bondage.

Satan is shrewd. He disguises his lies so they go undetected. He will suggest a false thought to your mind and deceive you into thinking the thought is your own, and not from Satan. For example, Ananias and Sapphira got an idea to sell some property and give a portion of the

# ***Underground Christianity***

By Rev. Ron Coale, Pastor

Christians today we as Christians have to live in are struggling in the closets of American culture. When that happens we will have a war of complacency. They believe that the onslaught of the devil is worse than it has ever been.

than it has ever been.

Yes these have been trying times for the church, and at no time has the church ever gone through the type of things that we go through today. However, Satan's basic onslaught is not something new. It began at the very beginning of the church. It is nothing new that we face that our early Christian ancestors didn't face as well. In some cases they faced much worse than we do today. Comparatively speaking, we have very little to worry about. We Christians have lived in the shelter of American Society for a long time. One of the great societies of the world. A society where religious freedom has been a blessed and wonderful thing. Now that the American society is changing to a more socialistic (communistic) social order, it seems bad for the church, but it really is much worse than it really has been for Christians throughout history.

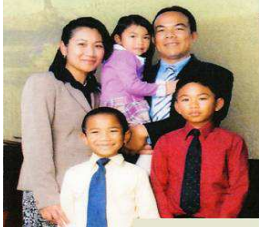

There may come a day when

I lived in China for a long time. All the Christian brothers and sisters in China live in such a situation. Their Christian society is underground. I remember going to church meetings up in the woods outside of the great city of Kunming. I have read about meetings like these before in Christian history books, but I had never really experienced such things until I was actually there myself.

In the designated place outside of the city in the woods Christians would trickle in by twos and threes until finally the whole group was there. Then we proceeded to worship God freely under the trees and the stars that he had created.

There was an air of urgency which hung over the whole meeting, but there was also an element of freedom that I had never experienced before. It was an element of commitment to God himself. It was a commitment

*Dear Pastors and Friends,*

*Thank you very much for your continual prayers and support! My family and I are currently in the States on furlough. It was a blessing to arrive here in America safely. We spent the first month at our home church in Long Beach. I had the privilege to preach four straight weeks to our Khmer folks in the Khmer department there in Long Beach. The last week of December our church had a winter camp for the teenagers. I was privileged to go up and preach two times. My two sons were also able to go with me and we all enjoyed the preaching very much.*

*It has truly been a blessing to report to some of our supporting churches this past month and to see that God is still working in the churches here in America! We appreciate the opportunity to report, preach, the wonderful accommodations, generous love offerings, and the fellowship that we have had in the churches we have been to so far.*

*We are grateful for the opportunity to go out soul-winning and share the Gospel with some of our supporting churches. Please pray for the following people we met while out door-knocking:*

- *Chris, a man in his thirties. He is contemplating the LORD Jesus. He has heard the Gospel message all of his life and has yet to trust Christ.*
- *Carol, she is looking for a church to go to in Springfield, Oregon. We recommended that she go to Hillview Baptist Church, one of our supporting churches.*
- *Kay, she is also looking for a church and seems somewhat interested.*

*Since starting furlough, we have shared with many churches about a lady named Long who is 89 years old. The last several months she has not been able to attend church because of her poor health. We regret to report that she just passed away two weeks ago. Her unsaved family members did not allow any of our church members to come close to her in her last days. They kept her closed up in the house with Buddhist Priests and Monks chanting around the clock. Even though we are sad, we are rejoicing because she is with the LORD in heaven and no longer has to endure the persecution from family and friends and sickness here on earth.*

*Blessing from our churches in Cambodia. We are thankful for some people who have made a profession of faith these past couple months. Tha was Sinath's High School Ethics teacher over 30 years ago. He accepted Christ a few weeks ago. Vorn and Sal made a profession of faith within a couple weeks of each other. We are thankful for Sinath and the people who go to Prey Bang with him every Tuesday.*

*A couple of weeks before we left on furlough, Ra and I met Prohs during Saturday soul-winning. When we got to his house, he told us he had been hoping that someone would come and tell him about Jesus. He knew that we weren't at his house by accident, because he was seeking the true God. When we had a celebration service on November 22, he came with our village church to attend the service in Phnom Penh. After we left on furlough, we received news that he had made a profession of faith. Please pray for his spiritual growth and that the door will be opened to reach more people in his village.*

that these believers had for God. The were risking their entire lives to be there and worship God. No where in America had I ever attended a church service where the

members were risking their lives to be there.

I have never had such a feeling before and was convinced that I would never have such a feeling again. But with the way things are going in the United States of America today the church may actually have to do similarly. We may have to meet out under the stars in the trees away from the general public to worship our Lord. Going to church may not be as simple as hopping in the car and driving down to a building so that people can entertain us to make us feel good. We might have to park many miles away

and hike into the place where we are meeting. Church may not be just a one hour adventure. It may become a whole day affair. Where we bring our families, our friends and our food as we make the whole day affair of worshipping our God. We may only be able to risk meeting like this once a month and not three or four times a week.

I have known Christians who were caught for worshipping the Lord Jesus Christ. These were young men about 18 and 19 years old. The government sent them to "re-education" camps where they were taught to love society and hate God. In these camps they were supposed to renounce their faith in Jesus Christ. None of them did.

They suffered the consequences for their commitment to Jesus. The consequences were not as of the old days with such things as beatings or torturing. The consequences were more despicable. The government would not ever allow them a permit to become married. Or the government would not allow their parents to remain on dialysis under their nation-

alized healthcare system. The way that they would torture the individual, would be to hurt someone that they loved. These young men chose Jesus as their greatest love. And God worked it out for them.

These are hard things for us to imagine having to face here in America today.

Yet these things have been happening to Christians all over the world since the very beginning of the apostolic age. The reason that they're hard for us to comprehend is because we have had it very easy here in the United States of

America. The question must be answered: How much do you really love the Lord Jesus Christ? Do you love him enough to make a stand for him? Do you love Him more than anything else?

It is important for the Church in America to know there are people in the world who meet like this today. This is not a story about some-

thing that is a part of the past. It has been personally witnessed by this author and his family. These are things that go on in present-day places all over this

money to the church, but pretend they were giving the entire selling price. They thought this plan to keep “back part of the price” was their own personal plan (Acts 5:2). But Peter detected this was a strategy of Satan (Acts 5:3). That is one of Satan’s most effective strategy’s—Mask his temptations in the guise of your own thoughts.

You see this strategy again in the case when Satan provoked David to number Israel (1 Chron. 21:1). David thought this was his own idea when it really came from Satan. If he knew this was Satan’s plan he wouldn’t have done it!

Beware of Satan’s lies.

They will often come to you wearing a “mask”— The mask of yourself! The only way to detect the devil’s lies is by confronting them with truth.

world presently. There are Christians brothers and sisters who are paying this price even today. I'm not saying this because we need to feel sorry for their predicament. I'm telling you this because you need to realize they live the live of the normal Christian (historically speaking). We have been blessed with so much freedom to live our faith, that we have become complacent. We actually think being a non-persecuted Christian is a right.~
